Now for our new section:

Our Mopar Club Cars

Each month we will feature a member's car in the newsletter. Hopefully getting to know our members and their cars a little better. For the first edition we will start with our club President and from here on out we will draw a member name from the cup holder (ha, ha). You will get plenty of notice so you can send me a paragraph or two about your car.

Your name & where are you from?

My name is Jessica Pureyear and I reside in Pea Ridge, AR

What are the year, make & model of your car?

It's a 1971 Dodge Challenger RT in Plum Crazy

When did you get your car & from where?

I got it the summer of 2000 from a MOPAR nut in Bentonville

When you bought it was it complete?

Kind of, it had just had a new paint job

What was under the hood when you bought it?

There was a 318

What have you changed about your car?

My daddy built me a 340 with magnum cylinder heads. I asked him to paint the engine purple to match the exterior. He didn't want to but he did it for me! He also engraved the front of the block to me. How sweet... Yes, I am a Daddy's girl.

Is this your first project car?

Yes

Why Mopar?

My Mom & Dad have owned MOPARs all my life. They're basically the BEST!

Why did you choose that model?

I love E bodies and my parents have 'Cudas already and I wanted to be different.

Why did you choose that color?

I Love Purple!

What car would be your dream car to have or to work on?

A 58 Fury that fixes itself like "Christine"

What's the best thing about your car?

It's paid for and it's mine

What would you change about your car?

It has cancer now and I would love to start all over and make it faster with some modern luxuries.

Is there a funny or sentimental story about your car that you would like to share?

My dad promised me since I was a little girl that he would build me a MOPAR like him and mom. It took 25 years but I finally got one. YEAH!
